

Hi, my name is Jenna May. My three children and I listen to K-Love everyday on 91.1 FM here in the Denver area. This station plays uplifting Christian music which is constantly encouraging our whole family. K-Love makes it a point to air only all age appropriate comments and music. Without K-Love I would have to continually screen out offensive talk and music that permeate many other stations. Continued access to K-love on the air waves serves in the public interest because it provides a safe, encouraging place on the FM dial. Thank you for your time.
